EXAMINER'S AMENDMENT

Applicant's claim for the benefit of a prior-filed application under 35 U.S.C. 119 is acknowledged. Applicant has not complied with one or more conditions for receiving the benefit of an earlier filing date under 37 CFR 1.78 (2)(i) which states

" Except for a continued prosecution application filed under § 1.53(d), any nonprovisional application or international application designating the United States of America claiming the benefit of one or more prior-filed copending nonprovisional applications or international applications designating the United States of America must contain or be amended to contain a reference to each such prior-filed application, identifying it by application number (consisting of the series code and serial number) or international application number and international filing date and indicating the relationship of the applications."

The required reference to applicant's prior international applications designating the United States of America (PCT/DE02/04745) must be inserted as the first sentence of the specification in order to perfect his claim for priority under 35 U.S.C. 119, therefore, the following sentence is inserted before the first sentence of the specification:

-- This application is based on and hereby claims priority to PCT Application No. PCT/DE02/04745 filed on Dec. 27, 2002 --.

Priority

Receipt is acknowledged of a certified copy of the German application (10201330.6) application referred to in the oath or declaration or in an application data sheet. If this copy is being filed to obtain the benefits of the foreign filing date under 35 U.S.C. 119(a)-(d), applicant should also file a claim for such priority as required by 35 U.S.C. 119(b). If the application being examined has entered the national stage from an international application filed on or after November 29, 2000, after compliance with 35 U.S.C. 371, the claim for priority must be made during the pendency of the application and within the time limit set forth in the PCT and Regulations of the PCT. See 37 CFR 1.55(a)(1)(ii). Any claim for priority under 35 U.S.C. 119(a)-(d) or (f) or 365(a) or (b) not presented within the time period set forth in 37 CFR 1.55(a)(1) is considered to have been waived. If a claim for foreign priority is presented after the time period set forth in 37 CFR 1.55(a)(1), the claim may be accepted if the claim properly identifies the prior foreign application and is accompanied by a grantable petition to accept an unintentionally delayed claim for priority. See 37 CFR 1.55(c).

Art Unit: 2133

It is noted that applicants' Declaration filed 7 July 2004 fails to either claim or waive priority with respect to this German application as shown below.
